## Congratulations Providers!

\* These rates were calculated using data from the NDHHS for children 19-35 months of age. This quarter's birthdate range (July 1, 2016 – October 31, 2017).

† 4 DTaP, 3 IPV (polio), 1 MMR, 3 Hepatitis B, 3 or 4 Hib, 1 Varicella, 4 PCV

‡ Providers without a previous quarter or previous year rate are new to the VFC program, are new to receiving the quarterly provider rate report with no previous quarterly data available for them or they did not have any children in the selected age range that could be assessed for the quarter.
